

Course Type	Course Code	Name of Course	L	T	P	Credit
DP	NPEC505	Term paper/Mini Project	0	0	3	1.5

Course Objective
The objective of the course is to develop knowledge on design aspects, planning of projects related to petroleum Industry
Learning Outcomes
Upon successful completion of this course, students will: <ul style="list-style-type: none"> • Have the ability to analyze the system design of different projects • Have to work individually on different projects related to oil and gas industry.

Sl. No.	Name of Experiment	Contact Hours	Learning outcome
1	Selection of Topics	$3 \times 2 = 6$	Topics will be selected
2	Literature review	$3 \times 3 = 9$	Able to learn works going on the area of topic selected
3	Detail modelling/work on project	$3 \times 5 = 15$	Designing of work/model
4	Results and Discussion	$3 \times 2 = 6$	Outcome of the project work
5	Report preparation and submission	$3 \times 2 = 6$	Report based on the work and submission
Total Contact Hours		42	

Text Book and Reference:

1. Laboratory Manual deigned by Couse Instructor
