NOTIFICATION

MODIFICATION IN CLAUSE 4.1 OF CHAPTER - 4 "DEFICIENCY IN ACADEMIC PERFORMANCE" OF PH. D. MANUAL

The Senate in its 24<sup>th</sup> meeting held on 14<sup>th</sup> September 2022 has approved the modifications in the existing provision specified in the Clause 4.1 of the Ph. D. manual with inclusion of certain terms and conditions for coming out of Warning and Academic Probation viz:

That if any scholar placed on academic deficiency **shows better performance in the subsequent semester and obtains 4S grades** then s/he will be out of academic warning / academic probation and the following terms and conditions which were imposed due to academic deficiency shall be revoked:

- (a) No financial assistance shall be given to the scholar during the academic probation period to present/attend any conference/workshop etc. However, fellowship of the scholar will not be stopped.
- (b) No vacation leave shall be permissible to the scholars during the entire period of Academic Probation.

However, at the time of counting of the X grade for fulfilment of "Academic Deficiency Criteria of Accumulation of X grades", the criteria shall remain the same till the termination by accumulation of 4X grades.

After termination, if the academic program is reinstated in any semester then all the previously accumulated X grades for which academic program was terminated shall not be counted towards the further accumulation of X grades. In this case, fresh accumulation of X grades shall be counted from the semester which the academic program of the scholar is reinstated.

This shall be applicable to all such research scholars irrespective of their date of admission and their academic deficiency status shall be modified accordingly.
