

WEBINAR

ON

"Decisive advantages of the world's leading Embedded IoT, Design, Simulation and Rapid Prototyping software solutions Proteus VSM"

BRIEF OUTLINE

The talk is exceptionally relevant for engineering students and budding entrepreneurs.

- Project creation in Proteus VSM without microcontrollers
- Project creation in Proteus VSM with microcontrollers
- Embedded projects in Proteus VSM with different microcontrollers
- IoT projects with Flowcharts in Proteus VSM
- Robotics projects with Flowcharts in Proteus VSM
- PCB Design using Proteus PCB

GUEST SPEAKERS

MR ANAND JAMBHOLKAR
MANAGING DIRECTOR
CYBERMOTION TECHNOLOGIES

Mr Jambholkar is an alumnus of IIT Delhi (1977-82 Batch) and IIM Ahmedabad (1982-84 Batch). He is the Managing Director of Cybermotion Technologies Pvt. Ltd. and has contributed mainly to the defence and renewable energy sector.

MR PRUDHVI TALLURI
SENIOR EMBEDDED ENGINEER
CYBERMOTION TECHNOLOGIES

Mr Talluri is an expert in embedded system design. His work mainly consists of firmware design; he is also credited with delivering training on different levels of embedded systems.

LOCATION: ZOOM MEETING (Please register for meeting link)

DATE: 11th AUGUST 2023

TIME: 06:30 PM

For any query email us at: eocii@iitism.ac.in
Address: CII Centre, 4th floor, i2h building, IIT(ISM) Dhanbad
