The establishment of the Departmental Grievance Redressal Committee (DGRC) reflects the institute's commitment to maintaining a harmonious and supportive academic environment where grievances and concerns are addressed promptly, fairly, and effectively. By providing a platform for open dialogue, impartial resolution, and accountability, the DGRC will contribute to enhancing the trust, morale, and well-being of each student within each department.

The students may contact any member of their respective committee if they have any grievances, concerns, or disputes. All proceedings of the committee will be dealt with confidentially.
