

Indian Institute of Technology (ISM), Dhanbad

Cyber Security Awareness Month October- 2020

Important tips

- **Keep antivirus and operating system up to date in your devices.**
- **Regularly backup your sensitive/important data at regular intervals.**
- **Be careful while opening suspicious web links/URLs.**
- **Keep your password/PIN confidential. Do Not disclose OTP or ATM CVV to any one while making online transactions**
- **Use strong passwords with a combination of special characters, numbers, upper case and lower case. Do Not keep easy to guess password**
- **Keep changing your passwords periodically and do not use the same password in multiple accounts.**
- **Where ever possible use two way authentication**
- **Use the latest security tools like firewall, anti-virus software to protect your critical data and privacy.**
- **Do Not use banking transaction from public Wi-Fi.**
- **It is safe to use virtual payment method rather than debit/credit card your card details remain protected**
- **Only shop online on secure sites**
