## **PRESS-RELEASE**

### **Shape a Future in Chemical Science: IIT (ISM) Dhanbad Announces BS-MS Admissions 2026**

The Department of Chemistry and Chemical Biology at Indian Institute of Technology (Indian School of Mines), Dhanbad has announced admissions for its five-year integrated BS-MS (4+1 Year) Programme in Chemical Science for the academic session 2026. The programme is designed to provide a strong foundation in chemical sciences while fostering innovation, research aptitude, and interdisciplinary learning.

The curriculum is structured to integrate core chemistry with emerging and allied areas, enabling students to develop a comprehensive understanding of the subject. A key focus of the programme is research-driven learning, allowing students to gain hands-on experience through laboratory work, projects, and exposure to ongoing scientific investigations.

Students enrolled in the programme will have access to state-of-the-art laboratories and advanced research facilities at the institute. The programme also emphasizes industry exposure and skill development, equipping students with practical competencies aligned with current scientific and technological demands. In addition to academic rigor, the programme offers well-defined pathways for higher education and diverse career opportunities. Graduates can pursue advanced studies, research careers, or professional roles in sectors such as pharmaceuticals, materials science, energy, and environmental science.

Admissions to the BS-MS Programme in Chemical Science will be conducted through Joint Entrance Examination Advanced 2026.

Interested candidates can visit the official website of the institute for detailed information regarding eligibility criteria, admission procedures, and programme structure.
