PRESS-RELEASE

IIT (ISM) Dhanbad launches Specialized Mining Domain Training Program for GETs of NLC India Ltd.

The Department of Mining Engineering, IIT (ISM) Dhanbad, has successfully launched a two-week *Specialized Mining Domain Training Program* for Graduate Engineer Trainees (GETs) of NLC India Ltd., to be conducted in two batches. The first batch of the program was organized from **August 4–15, 2025**, while the second batch commenced on **August 18, 2025**.

The inaugural sessions of both training programs were graced by the presence of **Prof. Sukumar Mishra, Director, IIT (ISM) Dhanbad; Prof. Dheeraj Kumar, Deputy Director; Prof. Keka Ojha, Dean, Continuing Education Program; Prof. B.S. Choudhary, Head of the Department of Mining Engineering; Course Coordinators Prof. D.P. Mishra and Prof. Ankush Galav; along with distinguished faculty members of the institute.**

The training program has been designed to strengthen the professional capabilities of young engineers through comprehensive sessions covering advanced and industry-oriented topics such as:

- Advanced Mining Technologies and Industry 4.0
- Environmental Excellence and Sustainability
- Advanced Safety Systems and Risk Management
- Modern Exploration and Reserve Management
- Smart Mining Operations
- Green Mining Technologies
- Digital Innovation in Mining
- Innovation Projects and Advanced Project Management
- Leadership and Professional Growth
- Modern Regulatory Compliance and CSR Practices
- Strategic Mining Business Management

Alongside classroom sessions, the program also integrates **mine visits and guided tours of IIT (ISM)'s laboratories and research facilities**, providing participants with hands-on exposure and practical insights into real-world mining practices.

The initiative reflects IIT (ISM) Dhanbad's strong commitment to industry-academia collaboration, skill enhancement, and capacity building in the mining sector, equipping the next generation of mining professionals with advanced technical expertise and leadership skills.
