### **IIT (ISM) signs MoU with BCCL for carrying out strategic interventions through innovative techniques to promote Science Technology Engineering and Mathematics (STEM) Education among PAP**

IIT (ISM) Dhanbad today signed a MoU with, Bharat Coking Coal Limited, Dhanbad based subsidiary of Coal India Limited (CIL) for carrying out strategic interventions through innovative techniques to promote, Science Technology, Engineering and Mathematics (STEM) education among underprivileged children and especially among project affected persons in Dhanbad.

Dr Rashmi Singh, Assistant Professor of Department of Management Studies & Industrial Engineering of IIT (ISM) signed the MoU on behalf of IIT (ISM) at Koyla Bhavan, BCCL Headquarters, while Shri Bidyut Saha, General Manager (Corporate Social Responsibility) became the signatory on behalf of BCCL.

Shri Murli Krishna Ramaiah, Director Personnel of BCCL and Prof Niladri Das, Associate Professor of the Department of Management Studies & Industrial Engineering of IIT (ISM) were also present during the function along with others.

“The pre and post impact assessment of interventions made by IIT (IM) will also be carried before the beginning as well after the completion of the initiatives taken as part of strategic interventions” said Prof Rashmi Singh.

IIT (ISM) under the leadership of Prof Rashmi Singh has earlier also carried out the motivation of school students and teachers towards the relevance of Science & Technology through Innovative communication techniques in government schools located in remote areas of Dhanbad as part of a Department of Science Technology Sponsored project.
