

भारतीय प्रौद्योगिकी संस्थान (भारतीय खनि विद्यापीठ), धनबाद Indian Institute of Technology (Indian School of Mines), Dhanbad

For Immediate Release: January 5, 2024

PRESS RELEASE

Malaviya Mission-Teacher Training Programme (MM-TTP 2024) on wide range of themes at IIT (ISM) from January 17

IIT (ISM) Dhanbad in association with University Grants Commission (UGC) will be organizing Teacher Training Programme (MM-TTP 2024) for the Assistant Professors, Associate Professors, Professors, Assistant Professors (Contract), and Part Time teachers of all disciplines from January 17.

The training course will be conducted in different themes including Higher Education and Society; Holistic and Multidisciplinary discipline; Academic Leadership; Academic Leadership Governance & Management; Student Diversity & Inclusion; Student Diversity & Inclusion; Information and Communication Technology; Research & Development and Indian Knowledge System.

Notably the courses that will be conducted in theme wise manner will begin from January 17 will continue till 31 March.

The faculty members of the institute are required to register for the training on <https://mmc.ugc.ac.in/> and by selecting "Indian School of Mines, Dhanbad". These courses will be considered for fulfilment of requirement as laid down in Career Advancement Scheme of UGC.

Mrinalini Pandey, Associate Professor of the Department of Management Studies and Industrial Engineering of IIT (ISM) who is also the coordinator of the Malviya Mission Teachers Training Centre said "The short duration NEP Orientation and Sensitization training of eight days that will be conducted for each of theme will be free of cost" and added that training will be conducted by the professors of the institute.

"We have already conducted two phases of training earlier and the present one is the third phase" summed up Pandey.
