PRESS-RELEASE

Newly admitted UG (B. Tech/Integrated M. Tech) students get acquainted with the glorious history, rich legacy, and magnificent infrastructure and also about campus rules at regulations during Orientation Programme at IIT (ISM).

As around 1100 UG (B. Tech/ Integrated M. Tech) students began their academic journey today at IIT (ISM) Dhanbad they got a glimpse of the glorious history, rich legacy, and magnificent infrastructure, state of art laboratories, well stocked library, games & sports facilities and also about the future development plans of the institute.

The occasion was the orientation programme for newly admitted students held at Penman auditorium of the institute.

The programme that was held in two sessions, including session 1 from 9.30 a.m. for the students of Civil Engineering; Electrical Engineering; Environmental Science & Engineering; Mechanical Engineering; Mining Engineering; Mining Machinery Engineering; and later in session 2 from 11.30 a.m. for students of Chemical Engineering; Computer Science & Engineering; Engineering Physics; Electronics & Communication; Mineral & Metallurgical Engineering; Petroleum Engineering; Applied Geophysics and Applied Geology witnessed the presentation of different Deans about their respective domains.

Prof. Sukumar Mishra, Director IIT (ISM) who was away for some exigencies and couldn't physically attend the function, in his recorded message played during the occasion advised the students to learn from own activities and experiences and do not totally depend on the teaching of the peers etc"

"In order to develop out your independent personality in the professional domain you need to work hard taking full advantage of facilities at the campus and so that you can become an independent personality of this country, educationally as well as professionally" further said the IIT (ISM) Director adding that in this way they will be accepted by the society and country will benefit from them.

"Our country is now under the developing stage but your endeavor will help to reach in the developed stage and this is path which you should follow under the slogan Viksit Bharat" said Prof Mishra.

Prof Dheeraj Kumar, Deputy Director during his address, said, "The institute, where you secured admission is third oldest engineering institute of country and it has a glorious history and as you will proceed in your career journey you will carry the legacies of two great brands, i.e one of Indian School of Mines and other of Indian Institute of Technology"

Taking cue from the Rabbit (Hare) and Tortoise story of race he suggested the new entrants to become tortoise rather than become a Rabbit in the race of career and carry out hard work continuously rather than trying to make a leap in a single goal to excel.

Prof. Rajni Singh, Dean Corporate Communications, who apprised the new entrants about the glorious history and rich legacy of the 98 year old institute advised them to walk with firm footing as the journey is long.

Prof MK Singh, Dean Academic gave description of the academic rules and regulations with special reference attendance requirements etc.; Prof SK Gupta, Dean Student Welfare apprised the student about the hostel rules and regulation as well as games and sports facilities; Prof Amit Dixit, Dean Infrastructure apprised students about existing infrastructure facilities and also about the future plans while Prof Ajay Mandal Professor in Charge Library gave details about the library facility.

Shri Samiran Dutta, CMD BCCL, will address the students during the motivation session on Tuesday, July 30.

Rajni Singh
Dean (Corporate Communications)
