PRESS-RELEASE

Prof Sukumar Mishra, Director IIT (ISM) addresses new entrants of batch of 2024 during Special Orientation session; explains key steps in research article writing to PG students and also explains ways to excel in career to UG Students.

A special orientation session for newly admitted PG as well as UG Students of batch of 2024 was held today at Penman Auditorium of IIT (ISM) during which Prof Sukumar Mishra Director IIT (ISM) addressed the new entrants.

The session conducted today was part of the ongoing series of special orientation session under which the Guest Speakers like Samiran Dutta, Chairman Cum Managing Director of Bharat Coking Coal Limited (BCCL); Bodhisattwa Sanghapriya, founder CEO of IG Drones; Madhvi Mishra, Dhanbad Deputy Commissioner and Debi Prasad Mishra, Director, NITTR addressed the newly joined undergraduate students from July 30 to August 2.

Addressing the PG students during the first session in presence of others, including Prof Dheeraj Kumar, Deputy Director; Prof Rajni Singh, Dean Corporate Communications; Prof MK Singh, Dean Academics; Prof SK Gupta, Dean Students Welfare and others he said that the faculty members due to remaining in close association with students in the institute remain young in terms of their novelty of thought process”

“Your association helps to rejuvenate us and despite the fact that we grow older physically but mentally your association helps to rejuvenate us and only a rejuvenated mind can give back something to world” explained Prof Mishra.

He later explained the different steps of research article writing and said “The five steps including conducting a comprehensive e Literature review; formulating clear hypothesis; designing and conducting research; analyzing data and drawing conclusions; writing and revising the manuscripts are key in research article writing”.

Explaining the scientific writing strategies he elaborated about the different steps, including Introduction, Materials & Methods, Results and Discussions etc.

Later addressing the Undergraduate Students during the second session he advised them to work hard and think differently to excel in life and desist away from following the footsteps of their senior in order to carve out their own personality.
